

SOUTH PLAINS YOUNG MARINES

Support Staff

No experience needed — just a willing heart and a helpful hand!

What Does Support Staff Do?

Support Staff is the most flexible volunteer role we offer — and one of the most valuable. You'll pitch in wherever you're needed, from setting up for events and helping with paperwork to supporting field activities and keeping things running smoothly behind the scenes. If you want to be part of something meaningful without being locked into a specific officer role, this is the perfect place to start.

Great starting point: Support Staff is ideal for anyone who wants to get a feel for the program before committing to a specific officer position. Many of our best officers started right here!

What You'll Be Involved In

Event & Training Assistance

- Help with setup and cleanup, registration, organizing materials, distributing gear, and keeping activities on track alongside other officers and instructors.

Administrative Support

- Assist with paperwork, attendance records, reminder communications, data entry, and inventory — great for someone who prefers behind-the-scenes contributions.

Field Activity Support

- Be present during field training, encampments, and outdoor activities to help with supplies, group management, and making sure every Young Marine is safe and accounted for.

General Unit Support

- Pitch in wherever the unit needs an extra hand — fundraisers, community service, food service, transportation coordination, and more.
